UPFITTING

Emergency Response

ITB provides Custom Upfitting Services for Fire Departments, Search and Rescue, Law Enforcement and other various divisions of First Resonse. From the subtle, undetectable unmarked vehicle to the highly visable marked patrol vehicle, ITB knows that the needs of First Resonders are highly specialized. That is why we collaborate with our clients to ensure that each design is custom tailored to the purpose, budget and function for the job required. At ITB custom comes standard.
